

Connecting the dots...

Helping children, families & child care providers lay the foundation for success throughout children's lives!

"Child Care Aware® of Eastern Kansas provides us with teaching & learning opportunities, program improvement guidance & materials that promote family communication & engagement. The team works diligently to provide professional development that is meaningful & applicable. In addition, our coach helped create a system of support for participating early childhood directors that allows us time to collaborate, plan & work together to improve the quality of care we are providing."
*Tracy, Child Care Provider

"I love all of the different things I get to do with my friends at preschool! I even know the whole alphabet & all my numbers. I am ready to go to kindergarten in the big school!"
*Mason, 4-Year-Old whose Child Care Provider Regularly Utilized Child Care Aware® of Eastern Kansas' Services

"The [child care] service was very helpful. Children are our most precious asset & I do appreciate very much this service – free at that. All of the staff was very helpful & professional. I highly recommend this agency."
